their individual viewpoint can accom- wrecked district. plish as much as the city and churches united. In union there is strength. Likewise there is concentration of effort, and it is better that the public

ing to the poor and they should be provided for. It is true that many of the objects of charity put themselves in their miserable condition, but it must be borne in mind that some of them are not altogether responsible for their position. certainly their children are not. Calamity and sickness have brought many a of our woolen mills America is paying a very pleasant one. worthy person to destitution and the total inability of some people to use whatever talents they may have to a financial advantage, has kept them continually at the bottom of the ladder. These distressful conditions more than anything else bring about the lax moral conditions that prevail in some localities. Censuring them is unreasonable. There should be more pity and more effort to Phone 62 relieve their distressed condition, rather than censure for them.

In this connection, the Belgian relief fund should not be overloomed. It is to the should not be heartedness in this city to reach them all and give relief to the distressed abroad as well as at home. It is the test of a noble heart that gives to the absent suf ferer as well as to those at home.

be done; also there is difference of opin ion as to whether or not the disease really exists, and the hint is strongly made hat it does not exist at all, but that the report has been created and given currency for the express purpose of creating a panic and thus throwing a large numper of cattle on the market at once so that the cattle trust can gobble them up

We are not in a position to advise the farmers. We have published in these columns from time to time all the in formation obtainable about the disease and will continue to do so. Instead of crimination and recrimination, there should be a hearty co operation among those in charge of the quarantine laws and the owners of cattle. It is easier to stamp out a disease at its first appearance rather than to fuss about it and al low it to spread and then undertake t control the situation. Those vested with the authority should not hesitate to enforce the laws, bec use in the end that is a great hardship on the owners of cattle to have to suffer their losses, but it is while many lighter selections were given, far better that a few suffer an individual loss than that an entire community be thusiastically received. Especially fine made to suffer more extended losses inevitable consequence of great disaster

In our news items we give the state- the best on the platform. The concludment that Gov. McCreary is considering ing song, "Sweet-Genevieve," as given the feasibility of calling togother the by Messrs, Dixon, Thomas, Turner and Legislature to consider the passage of a Henry, appealed to every heart and was law to reimburse cattle owners for any one of the most pleasing features of the loss sustained by them, but this means concert. long delay and in the end it may be declared unconstitutional. Therefore, the people should bestir themselves and act on the old adage that "an ounce of preventive is worth a pound of cure.'
